LETTER

Commissioner for Patents
P. O. Box 1450
Alexandria, VA. 22313-1450

Sir:

Further to my conversation earlier this morning with a person in the Office of Patent Publication, I reiterate that the enclosed Notice of New or Revised Projected Publication Date for the above-identified patent application has been erroneously sent to me. *

Though the customer number "26423" is mine, I have no previous knowledge of this application, as I told Ms. Williams of ST-4C10 on 20th June 2005, and confirmed that in a letter returning a Filing Receipt in this case, which filing receipt had earlier been erroneously sent to me.

I again suggest that the file of this application be checked to determine who the attorney of record is because he is responsible for this application.

NOTICE OF NEW OR REVISED PROJECTED PUBLICATION DATE

The above-identified application has a new or revised projected publication date. The current projected publication date for this application is 09/29/2005. If this is a new projected publication date (there was no previous projected publication date), the application has been cleared by Licensing & Review or a secrecy order has been rescinded and the application is now in the publication queue.

If this is a revised projected publication date (one that is different from a previously communicated projected publication date), the publication date has been revised due to processing delays in the USPTO or the abandonment and subsequent revival of an application. The application is anticipated to be published on a date that is more than six weeks different from the originally-projected publication date.

More detailed publication information is available through the private side of Patent Application Information Retrieval (PAIR) System. The direct link to access PAIR is currently <http://pair.uspto.gov>. Further assistance in electronically accessing the publication, or about PAIR, is available by calling the Patent Electronic Business Center at (703) 305-3028.

Questions relating to this Notice should be directed to the Office of Patent Publication at (703) 305-8283.
